

## WHAT WE DO

### Our Services

Explore our comprehensive suite of supply chain solutions, including repackaging, co-packaging, case picking, direct-to-customer and direct-to-store services, container unloading, destuffing, repalletization, import and export assistance, inspection, and CFIA registration.

### Accreditations

Our credentials speak volumes about our commitment to excellence. With accreditations including BRCGS, FDA, and HACCP programs, we adhere to the highest standards of quality and safety.

## We are the **future** of your business

With over 120 years of operation rooted in family values, our company has grown into a leading force in warehousing solutions. Our latest endeavor in Moncton, New Brunswick, presents a groundbreaking opportunity. Boasting over 100,000 square feet of warehousing space in Phase 1 alone, with the potential for expansion to over 400,000 square feet, our facility offers unparalleled scalability.

Additionally, we provide on-site manufacturing partnerships and convertible temperature space, ensuring seamless transitions from standard to deep freeze environments. Explore our diverse range of supply chain solutions and services, including freezer, cooler, and standard storage, specialized product handling, and tailored solutions tailored to your requirements. Partner with us to unlock efficiency and reliability in your operations.
